

Martyna Smolarek

Frontend Developer | React & Svelte

Experience

FeverUp | Jan 2024 - Present | Madrid, Spain

- **Designing and Developing Web Pages:** Starting with Figma mock-ups and creating live versions of experience pages, primarily utilizing the AstroJS template, with some older pages using Handlebars;
- **Module Creation and Updates** - Working with two CMS libraries, creating new modules with Astro & Svelte components, and refreshing / refactoring existing ones to add new functionalities. Migrating modules from old, decap-cms to new Payload CMS - creating a "translator" that allows using existing modules with the new CMS;
- **Working with forms' platforms & automations** - creating integrations with Formspree, Zoho and Fever Zone (internal) forms; adding automations and workflows to manage new leads;
- **Collaboration with Major Partners** - Working with prominent clients such as Formula 1 Spain GP, Toyota, Magnum and Warner Bros;
- **Collaboration with other teams** - for bigger projects, self-organising tasks and working with various teams to deliver final product
- **Engagement in Internal Hack Days and Hackathons** - Actively participating in creative coding internal events and innovation challenges, introducing the use of the Artificial Intelligence in daily work.
- **Participating in recruitment processes** - leading tech sections during the interviews

Web Designer & Junior Project Manager

Le Guide Noir | Mar 2021 - Nov 2023 | Madrid, Spain

- **Design and develop web elements** - Popups, newsletters; increase opt in leads, revenue and engagement of users of clients' sites;
- **Working directly with clients** - organising timelines, tasks and deliveries
- **Analysing obtained data** - working with Google Analytics and creating Google Looker dashboards to analyse results in order to propose improvements in ongoing campaigns

Architect

Agema | Mar 2019 - Feb 2021 | Madrid, Spain

- **Design and project delivery** - Working with an important gym chain, designing interiors and delivering projects with full documentation in various cities in Spain

Projects

Toyota x SMN Roadtrip - AstroJS, Svelte, Google Maps

- Bringing Figma design to life, a website for Toyota & Secret Media Network collaboration, using interactive Google Maps elements

Formula 1 GP España - AstroJS Template, SCSS

- Pixel-perfect development of the F1 ticketing page for Spanish GP, Working with SCSS styles and custom modules.

Daniel Śnieżyński web - Vanilla JS, Netlify

- Freelance opportunity for a skilled indoor & outdoor furniture maker

HP Forbidden Forest Redesign - Figma, CSS Animations, SCSS

- Redesign of existing experience page for modern feel with mysterious twist
